

SHEKINAH LODGE No. 58

Free and Accepted Masons

Millville, New Jersey

Instituted - May 21, 1861

Brethren :

There is an important rule that in order to receive something it is necessary to first give something. It has been said in many ways as "you must put something in before you can take something out," or "you get out more than you put in" or "you don't get anything for nothing." This rule applies to everything tangible or intangible and is particularly applicable to Masonry. He who merely passes through the degrees receives little and will never be a Master Mason in the true sense. To receive that which is in Masonry, you must put something of yourself into it. You must "work" at it, in or out of the lodge and you must put into practice that which masonry teaches. Then will you begin to receive that for which you began searching as an "Entered Apprentice. It matters not how many different organizations you belong to, the same rule applies.

It has been often said that to pass through the chairs of any Masonic order is a liberal education. By giving of ones self, of ones time and ability over a period of years without hope of a fee or reward, a Mason gives many things whether he accepts an office or just works.

He learns to speak in public.

He learns how to conduct a meeting.

He learns how to get along with others.

He finds life-long friends.

He improves his habits.

He has a part in teaching masonry to others but really learns much more himself than those he taught.

Hundreds of other paychecks came his way and his life made richer, happier and more satisfying in every way. Indeed he receives much more that he gives and proves the statement "It is more blessed to give than to receive."

Fraternally,

HARRY H. POTTER, Sr.
Worshipful Master

Brethren:
