Free and Accepted Masons

Millville, New Jersey

Instituted - May 21, 1861

Brethren:

As we approach a period in history of this great country, I cannot help but think of a period of change nearly as dramatic as ours today, witness how Freemasonry brought order and hope and real accomplishment. During the American Revolution, years of national and international turmoil, the ideal of Freemasonry nurtured such founding Fathers as Franklin, Revere and Washington. The principles of the Craft were tested then, and they were not found wanting. From these men who held fast to the Truths of Freemasonry came a message that still rings like a clarion across the world.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness.

Freemasonry served our Nation well in 1776 and it has continued to guide America throughout our history. Today, too, it is a touchstone of Truth for those men who seek its wisdom. Its Light remains bright and will always continue to be steady and clear.

What we can fear, however, is our own ability to remain torchbearers of Masonry. We are the dubious factor. If we are capable of the task, the future is secure. We have only to learn from the past, know the core of Masonic doctrine today, and carry that message to tomorrow's generations by the example of our own good conduct and high accomplishment.

Fraternally,

WILLIAM H. STILES
Worshipful Master
