

Brethren:

February, 1995

You only get out of Masonry what you put into it. We were all given this advice by some wise sage of Masonry on the night we were raised. This is true ... or is it?

It becomes my duty to inform you that it is NOT true; you will get more out of Masonry than you will ever put into it. When you joined the Fraternity, you instantly gained millions of new friends and Brothers worldwide; you added one, you gained millions. The more you attend Lodge, to keep abreast of its affairs and to witness the Degree work, the more knowledge of Masonry you will gain, the more friendships you will solidify, and the more you will enjoy your membership in the world's oldest Fraternity.

I have enjoyed my association with Masonry more than anything else I have ever belonged to. The friendship and the Fellowship I have enjoyed has been absolutely fantastic. You can enjoy this also, all you have to do is attend your Lodge and become involved in its affairs. You will find that you will gain much, much more than you will ever put into it. What makes Masonry so wonderful is that even though you get more out of it than you put into it, the rewards never diminish, they just continue to grow. Come out to Lodge and become active, you will really enjoy it.

Fraternally,  
BRIAN THOMAS, WM
