

Brethren,

The Trestle-Board is defined to be the board upon which the Master inscribes the designs by which the craft are to be directed in their labors.

In Operative Masonry, the Trestle-Board is of vast importance. It was on such an implement that the genius of the ancient masters worked out the problems of architecture and reflected the greatness of their skill.

What then is the true symbolism in Speculative Masonry?

In Masonic ritual, the Speculative Mason is reminded that, so should he erect his spiritual building, with the material of obedience to the rules and designs, the precepts and commands, laid down by the Great Architect of the Universe in that great book of life, which should constitute the spiritual Trestle-Board of every Freemason!

We will, this month, celebrate the birthday of Brother George Washington, America's First Most Worshipful Grand Master. Brother Washington would not have encouraged an Institution hostile to morality, religion, good order, or the public welfare! He believed in Freemasonry as a way of life! He loved his country, his Fraternity, and fellow man! I believe that he had his speculative Trestle-Board in order. I hope that we can all say the same!

At our February Regular Meeting we will be showing a video tape, which was broadcasted on the A+E Network Program "The Unexplained", on January 8, 1998, titled "Secret Societies". This is a very interesting twenty minutes of video concerning our Fraternity. I can not but wonder what Brother Washington would have thought about this Program!

Sincerely and Fraternaly,  
**Robert W. Estell, P.M.**  
*Worshipful Master*
